Notes:

1. The Heat Removal in Watts is the waste heat from your electronic gear that would otherwise accumulate inside your cabinet.
2. Heat Removal shown will give a slight internal cabinet temperature rise of 12-16°F (7-9°C) above ambient room temperature in most cases. For more detailed information visit our web site at <http://www.acoustilock.com/FAQ.html>
3. All cabinet dimensions may vary plus or minus 1/2".
4. All outside cabinet heights include 4" casters - fully rotating and locking.
5. Availability limited to existing inventory for Models: ACL14SF, ACL24SF, and ACL PC.
